Commonwealth of Massachusetts.

To the Honorable the Senate and House of Representatives in General Court assembled.

Under the requirement of section 2 of chapter 320 of the Acts of the Legislature for 1884, the Civil Service Commissioners respectfully submit their fifteenth annual report, covering the period from Oct. 1, 1897, to Oct. 1, 1898.

Upon the expiration of his term of office, in July, Commissioner Wilbur was reappointed, and there has been no change in the personnel of the commission during the year.

During the year covered by this report, 182 examinations of applicants in the first division have been held, as follows:—

General competitive examinations,	113
Special competitive examinations,	4
Non-competitive examinations,	65
Total,	182

Of the 65 non-competitive examinations, 42 were for promotion under the civil service rules. In most of the remaining cases there was no eligible list for the position, and the non-competitive examination was therefore necessary. In the case of 10 plumbing inspectors, under chapter 455 of the Acts of 1894, the only examination provided by statute was non-competitive.

During the official year 2,735 persons were examined for positions in the classified public service, or 137 more than in the preceding year. The number examined include 2,056 men, of whom 74 were veterans of the war of the rebellion, and 679 were female applicants. Of the persons examined, 1,506 passed the examination, and had their names entered

upon the appropriate eligible lists. Of the applicants examined, 2,668 had had a common school education and 67 had attended college.

Of those upon the eligible lists, 545 were appointed to positions in the public service, of whom 489 were male citizens, including 12 veteran soldiers, and 56 were female citizens. In addition to these appointments, 65 unexamined veteran soldiers or sailors were appointed under the soldiers' exemption law of 1896. The average age of persons examined was about thirty-seven years.

There has been no statute change or amendment of the civil service rules during the year, so that the system has been enforced upon the same lines and under the same regulations as during the preceding year.

The selectmen of the town of Brookline, on April 28, 1898, voted to request the Civil Service Commissioners to include the fire service of said town within the civil service classification, under class 9 of schedule B. The request was recognized by the commissioners, and applications are now received and appointments will be made under the appropriate civil service rules.

At the request of the selectmen of Watertown, a civil service examination was held for police officers of that town, and the selectmen reported that, upon the certification of those found eligible, they had appointed the two highest names upon the list.

THE LABOR SERVICE.

The labor service in each of the cities of Boston, Cambridge, New Bedford, Newton, Everett and Worcester is now included in the public service, classified in the second division under the civil service rules.

In Boston, 4,360 men were registered, of whom 274, or 6.28 per cent., were veteran soldiers or sailors. There were 286 requisitions received, upon which 1,705 names were certified. Of those certified, 369, or 21.64 per cent., were veterans. The number employed upon these certifications was 704, of whom 45, or 16.42 per cent., of those registered were veterans.

In Cambridge, the number registered for the labor service was 726, of whom 31, or 4.27 per cent., were veterans. The requisitions received were 25, upon which 229 names were certified, including 21, or 9.17 per cent., veterans. The number employed under these certifications was 74, of whom 14, or 45.16 per cent., were veterans.

In New Bedford, there were 582 men registered, including 21 veterans, or 3.61 per cent. There were 62 requisitions received, upon which 515 names, including 19 veterans, were certified, and 271 men, including 18 veterans, were employed.

In Newton, the number registered was 140, of whom 10 were veterans. There were 3 requisitions received, and 3 men, of whom 2 were veterans, were certified, and all of them were employed.

In Everett, 251 men were registered, and 9 requisitions were made, upon which 220 men were certified. Of this number, 93 were employed.

In Worcester, 1,473 men were registered, including 27 veterans. There were 77 requisitions made, and under them 1,533 men, including 18 veterans, were certified, and 1,217, including 16 veterans, were employed.

NON-COMPETITIVE EXAMINATIONS.

During the year there have been held 23 non-competitive examinations for original appointments, as follows : —

Four clerks for service in cities other than Boston, there being no eligible lists and no applicants.

Five stenographers and typewriters for service in cities other than Boston, there being no eligible lists and no applicants.

One watchman for service at the Massachusetts Hospital for Epileptics. It was required that said watchman should hold an engineer's license, and there was no licensed engineer on the eligible list.

Two bridge engineers for service in Boston, there being no eligible list and no applicants.

One draughtsman for service in Brookline, there being no eligible list and no applicants.

Ten plumbing inspectors for appointment in cities and towns in the Commonwealth, under the requirements of section 5 of chapter 455, Acts of 1894. In these cases competitive examinations were not held, for the reason that, under said section, the boards of health or inspectors of buildings in cities and towns are directed to make the appointments, and the law requires only that the persons so appointed shall pass a civil service examination.

Respectfully submitted,

WARREN P. DUDLEY,

Secretary.

Chief Examiner.

LABOR SERVICE IN BOSTON.

During the year ending Sept. 30, 1898, 286 requisitions for laborers and mechanics were received from the various departments of the city of Boston. In response to these requisitions, 1,705 certifications were made, from which 702 persons were employed.

Twenty-one requisitions were received upon which an age limit of fifty years or less was placed. In response to these requisitions, 389 certifications were made, the same being 22.82 per cent. of the whole number made during the year, and for which over 10 per cent. of all the applicants registered were ineligible because of advanced age.

Requisitions have been received wherein the names of 17 veterans were designated, which names were certified and the men so certified were appointed.

Of the 4,360 persons registered, 2,167 were qualified as common laborers only, while the remaining 2,193 have filed certificates of capacity for one or more skilled employments.

Of the 286 requisitions received, 56 were cancelled, upon which were certified 318 names; of these names, 205 were those of veterans and 113 were those of others not having such credit.

SIR:—I herewith submit a full and complete report of the business of my office for the year ending Sept. 30, 1898.

The call for men during the year ending Sept. 30, 1898, has been small; only 3 requisitions were received from one department, highway, calling for 1 watchman, 1 stone mason and 1 horseshoer. Three names were certified, 2 of whom were veterans and 1 not a veteran, who were all employed.

The improvements that had been under way for the last four years, and which necessitated the employment of a large number of men, have been finished; and, no extensive work being ordered for this year, over 200 men have been dropped from the rolls. One and five-tenths per cent. of men employed were discharged for bad habits.

LABOR SERVICE IN WORCESTER.

To WILLIAM L. HICKS, *Registrar of Labor, Boston, Mass.*

SIR:—I herewith submit a full and complete report of the business of my office for the year ending Sept. 30, 1898.

A total of 1,473 names was registered, 239 of these being brought forward from 1897. There were 77 requisitions filled out, and 3 transfers made for the different departments.

The extensive work carried on by the sewer department, both in the fall of 1897 and the summer of 1898, accounts for the large figures in that department's record. The building of a school-house by day labor instead of by contract work was the cause of 25 of the 33 requisitions made by the buildings department; 123 skilled tradesmen of all classes were employed on this building alone.

Sixteen of the 27 veterans registered were given employment during the year.

GENERAL REGULATIONS

ADOPTED BY THE

CIVIL SERVICE COMMISSIONERS.

THE CHIEF EXAMINER.

1. The chief examiner shall, so far as practicable, attend the examinations held by the several boards of examiners.

He shall take care to secure accuracy, uniformity and justice in the proceedings of all examiners and boards of examiners under the rules and regulations; and such proceedings and all papers appertaining thereto shall at all times be open to him. He shall also, from time to time, inspect the proceedings and papers connected with examinations under the civil service rules, and shall make report of such inspection to the commissioners.

2. He shall prepare and submit to the commissioners proper schemes for examinations, and forms for blanks and records.

He shall take care that the rules and regulations are complied with, and shall bring any case of their infraction, or of injustice or irregularity, observed by him, to the attention of the commissioners. It shall be his duty, from time to time, to confer with the heads of departments, offices and institutions of the Commonwealth, and the several cities thereof, concerning the regularity, sufficiency and convenience of the examinations for the service under them. He shall perform such other appropriate duties as may be specified in these regulations, or otherwise assigned to him by the commissioners.

THE SECRETARY.

3. The secretary shall keep the records of the proceedings of the commissioners, and have charge of, and be responsible for, the safe keeping of the books, records, papers and other property in their office. He shall make such certification as the commissioners may direct of those eligible for appointment or employment. He shall generally conduct the correspondence of the commissioners, and perform such other appropriate duties as they may assign to him.

EXAMINERS.

4. Regular boards of examiners shall consist of not less than three nor more than five members, one of whom shall act as secretary; and a majority of any board may conduct an examination in the absence of the other members. The secretary of each board shall keep a complete record of its proceedings, and of all the examinations held by it, in such form as the commissioners may prescribe.

5. The board of examiners for each city shall promptly notify the commissioners of the need of holding an examination in and for such city; and thereupon the chief examiner shall, under the direction of the commissioners, issue authority therefor, and shall prepare questions and supervise the other preliminary arrangements.

6. The boards of examiners shall conduct the examinations, and estimate and mark the standing of the persons examined, or in a non-competitive examination shall mark the qualifications of the person examined.

7. Special boards will be selected, and special regulations for examinations will be issued by the commissioners when expedient.

8. No examiner or person serving under the commissioners shall attempt to influence the selection of any person for the civil service.

9. The examiners shall preserve order and decorum at examinations, and prevent any interference, by conversation or otherwise, with those under examination.

10. Each examiner will exercise diligence in securing fairness and preventing collusion and fraud in the examinations.

11. No examiner shall disclose, unless by consent of those examined, the results of the examination.

12. Any person, after receiving official notification of his standing, as ascertained by a competitive examination, may, in person or by duly authorized agent, inspect his examination papers.

13. Complaints of any injustice or unfairness on the part of any examiner or examining board, or by any one acting under the commissioners, may be made in writing to the commissioners, who will act as substantial justice in the premises may require.

14. Each examiner shall be entitled to receive from the appropriation for the expenses of administering the civil service law twenty cents for each applicant whose examination he shall attend, and twenty cents additional for each set of examination papers he

shall mark ; the total number of papers prepared by one applicant being considered a set. For the additional service rendered by the secretary of each board of examiners of cities other than Boston, in registering the eligibles, certifying the same, conducting necessary correspondence, and in other ways, he shall be entitled to receive from the same appropriation the additional sum of twenty-five cents for each eligible so registered. [3, 24, '93.]

15. No person shall act as examiner in any examination of applicants for admission to the classified civil service, when he is an applicant or an eligible for a position in the class for which the examination is being held. [12, 21, '94.]

COMPETITIVE EXAMINATIONS.

16. Applicants must present themselves punctually at the times and places specified in their official notices to attend, and they will be admitted to examination upon the production of such notices.

17. Each applicant in a competitive examination shall first be presented with a declaration paper, on which he will write his name, age, residence, examination number, etc., after which he will place it in an envelope, seal the envelope, and thereafter he shall mark each paper with his examination number only. The envelope shall not be opened until after all his examination papers are marked.

18. The sheets of questions will be numbered, and will be given out in the order of their numbers, each after the first being given only when the competitor has returned to the examiners the last sheet given to him. In general, no examination shall extend beyond five hours. Each applicant must complete his examination on the obligatory subjects before taking up any of the optional subjects.

19. The subjects of, and the time allowed for, the examination, will be announced before the first paper is given out.

20. Applicants for appointment in classes 2 and 4, Schedule B (the fire and police departments of the city of Boston), shall be examined by the city physician to test their physical soundness, and no one who fails to pass such examination shall be eligible for appointment.

Each applicant who shall have passed such examination, and also the educational examination, shall be required to undergo such further physical examination as the commissioners may from time to time prescribe, adapted to ascertain his special fitness for the service for which he has applied.

Such examination shall be made by a physical examiner, to be

appointed by the commissioners, and shall be recorded upon blanks provided for the purpose, upon which each required qualification shall be entered, and shall be marked with the percentage of excellence which the several applicants shall respectively be found to possess.

The percentage of each qualification shall be multiplied by the weight prescribed for each by the commissioners; and the quotient found by the division of the aggregate of value so arrived at, of each applicant, by the aggregate of weights shall constitute the percentage of condition of such applicant.

When an applicant for police or fire service in Boston fails to obtain sixty-five per cent. in either strength tests or development, he shall not be re-examined in those subjects until after he has filed a new application and undergone another examination as a new applicant. [1, 9, '91.]

To determine the standing of applicants for appointment in Class 4, Schedule B (the police force of Boston), equal weight shall be given to the physical and educational examinations; in Class 2, Schedule B (the fire force of Boston), the comparative weight to be given to each of such examinations shall be three to two. [1, 30, '94.]

21. Applicants for fire service in Boston, who have passed the examination and are on the eligible list for appointment to the permanent substitute force, may be certified for appointment to the call force upon the percentage obtained in their educational examination: *provided, however*, that such certification, or appointment in the call force, shall not affect their standing on the eligible list for the permanent substitute force.

22. Applicants for positions as watchmen and turnkeys in the State Prison and Massachusetts Reformatory shall undergo such physical examination by one of the medical examiners of the Commonwealth as may be from time to time prescribed by the commissioners.

NON-COMPETITIVE EXAMINATIONS.

23. In cases where a non-competitive examination may be needed, either to test the capacity of applicants for any part of the service which requires peculiar information or skill, or to fill a position for which there are no suitable candidates on the eligible list, or for promotion, or temporary appointment, or otherwise, the commissioners will provide for such examination.

24. Applicants for non-competitive examinations shall fill out and make oath to the proper application paper (without certificates); but any person named by the appointing power for non-

competitive examination may file such paper at any time before undergoing the examination.

25. The non-competitive examination shall conform, as nearly as practicable, in subject, questions and marking, to the competitive examination of the same grade.

26. Non-competitive examinations shall, in the absence of any special regulations to the contrary, be conducted by the chief examiner, and the papers marked by him with the assistance of such person as he may select.

SPECIAL EXAMINATIONS.

27. Applications for any special examination must be made in the form prescribed by the commissioners, and must be accompanied by certificates, as required in cases of ordinary applications.

28. Whenever a special examination is to be held, proper notice shall be given by advertisement or otherwise.

29. Each special examination shall embrace the subjects approved by the commissioners, after consultation with the head of the office concerned, or the special examining board for such office; and shall, so far as appropriate, be conducted under the general regulations, as to the marking of examination papers and the grading of persons examined.

30. A special record of applicants, and a special register of eligible persons, shall be kept for each part of the service, or office requiring special examinations; and when the commissioners or the proper examining board shall be notified by the appointing officer of a vacancy in such part of the service, certification shall be made to him of the names of the three persons graded highest on the special list of persons eligible for the same.

31. In case competent special applicants do not apply, after suitable notice, the appointing officer may be authorized to select a person for non-competitive examination.

MARKING.

32. Each examination paper shall be reviewed by a majority of the examiners conducting the examination; and, in any case of disagreement, the average of the markings made on any question or paper by all shall be the final marking on such question or paper.

33. The papers in each subject shall, whenever practicable, be examined, compared and marked before the papers in another subject are examined.

34. The marking of each question or subject shall be made on a scale of 100, which shall represent entire accuracy. Handwriting will be judged by its legibility, uniform and correct formation of letters and ease of execution. Upon a comparison of the handwriting of all, the best and worst should be first determined, and the two extremes of the scale thus fixed; the others should be marked relatively to them. In writing from dictation or copying from manuscript, the omission, repetition or substitution of words, the erasures, blots and other evidences of carelessness, will reduce the marking below 100. Abstracts or summaries of documents, and letter-writing, will be marked as in handwriting, by determining the best and worst examples; and the examiners, having marked these, will then mark the others proportionately.

35. In each of the other subjects, each question shall be marked on a scale of 100; and the sum of such markings, divided by the number of questions in that subject, shall determine the standing on such subject.

36. In marking the examination papers of applicants for police, prison and fire service, orthography shall not be marked as a subject to which a special weight is attached; but errors in orthography shall be taken into account in marking the exercises in copying, letter-writing and reporting.

37. The following examples show the method by which the standing of each competitor is obtained. The weights here given to the different subjects are not to be regarded as the standard weights; these, and also the subjects, will be varied to meet the requirements of the position to be filled.

It will be observed that the standing on each subject is multiplied by the weight given that subject, and the product placed in the third column; the sum of these products, divided by the sum of the weights, gives the general average standing.

ELIGIBLE LIST.

38. The names of those found eligible shall be enrolled upon a register in form prescribed by the commissioners.

39. Priority of date in examination will give no advantage in position on the eligible list.

40. The names of persons placed on the eligible list in Class 2 of Schedule A (the higher clerical service) may also, upon request in writing, be placed on the eligible list for positions in Class 1 of Schedule A, with the same standing.

41. Persons whose names are on the eligible list for the prison service of a city may, upon request in writing, have their examination papers marked by the State Board of Examiners; and, if they are found qualified, their names may be placed on the eligible list for the prison service of the Commonwealth. Persons whose names are on the eligible list for the prison service of the Commonwealth, who have been residents of the city in which they reside for six months, may, upon request in writing, have their examination papers marked by the board of examiners for the city in which they reside; and, if they are found qualified, their names may be placed on the eligible list for the prison service of said city.

42. Persons whose names have been on an eligible list one year may, upon request in writing, and satisfactory evidence in regard to health and other qualifications, be continued upon the eligible list without further examination for a second year.

CERTIFICATION.

43. In all cases of certification, the appointing officer is entitled to three names. He can make requisition to fill each vacancy, and receive three names; or, for his own convenience, unless otherwise ordered in any particular case by the commissioners, in cases where more than one vacancy exists, he can, in one requisition, call for names to fill all the vacancies. In that case he will receive together the names he would have received in separate certifications. As no person under the rules is entitled to certification more than three times except by consent of the appointing power, this proportion shall be as follows: For one vacancy, three names shall be certified; for two vacancies, four names; for three vacancies, five names; then for each multiple of three vacancies, the same multiple of five names; for one vacancy over a multiple of three, three names additional to those prescribed for such multiple; for two vacancies over a multiple of

three, four names in addition to those prescribed for such multiple.
For example : —

For 1 vacancy certify 3 names.

5	"	9	"
6	"	10	"

44. Whenever an officer, who shall have made a requisition to fill a certain number of vacancies, shall appoint to office a smaller number than that of the vacancies named by him, he shall not make the selection therefor from the whole number certified to him, but only from that number of names standing highest upon said list that would have been certified to him had the requisition stated the number of vacancies which he actually filled. In case of doubt what that number would be, he will apply to the commissioners for information before making selection.

45. No one who may be examined upon any subject of a technical or special character, in addition to the general or limited examination, shall be entitled to be certified for appointment, if his standing in such subject shall be less than sixty-five per centum of complete proficiency.

46. All the applicants for promotion in the Boston police force who pass the regular examination in penmanship, orthography, composition, arithmetic and the duties of the office, shall be certified to the Board of Police. Those who served in the military or naval forces of the United States in time of war, and received an honorable discharge therefrom, shall be indicated; and such persons shall be preferred for appointment.

47. In case a person upon any register shall, by reason of ill-health or physical incapacity, in the judgment of the commissioners, become manifestly disqualified for the service for which he or she is registered, the commissioners may direct that such person be not certified; and the commissioners must be informed by the proper examining boards of each case of such disqualification.

48. The applicant affected by such suspension, or refusal of an examination, may make complaint in writing to the commissioners, who will take proper action thereon.

GENERAL PROVISIONS.

49. In case any applicant makes any false statement for the purpose of securing an examination or preference, or has been guilty of bad faith or fraud, and in case *prima facie* evidence shall be presented to the board of examiners that any person on a record or register is, by reason of bad character or dissolute habits, or any criminal or disgraceful act committed by him, or of his dismissal for good cause from the public service, not a fit person to be examined, marked or certified, it will be the duty of the board to report upon the matter fully and promptly to the commissioners; and the marking, grading or certification of such person shall be suspended, pending the action of the commissioners upon the subject. Upon such report to the commissioners or the production of any other evidence, the commissioners will make the proper investigation and give appropriate direction to the board of examiners.

50. The commissioners cannot advise persons as to vacancies in the service, nor furnish any information as to the duties, salaries, course of promotion, or other conditions of positions and offices, except such as may be found in printed regulations. No advice can be given as to the course of preparation that applicants should follow, nor can specimens of the examination papers be furnished.

51. Every application paper and accompanying certificates will remain on file in the office of the commissioners or boards of examiners, and under no circumstances or conditions will the originals be returned to the applicant.

SPECIAL REGULATIONS

IN RELATION TO THE

EMPLOYMENT OF LABORERS AND MECHANICS.

1. Men who seek employment as laborers or mechanics shall apply for registration at the civil service labor office, in their respective cities, at such times as may be designated by the commissioners. When the applicants for work as common laborers, or as skilled laborers or specialists, are, in the opinion of the commissioners, sufficient to meet all probable demands for a period of six months or more, registration of the class for which the supply is sufficient shall cease, except in the case of persons who have served in the army or navy of the United States in time of war, and received an honorable discharge therefrom, and who produce the requisite certificates as to character and capacity.

2. No applicant for the labor service who may have acquired, by reason of previous registration or previous service, the right to register in the second division of the classified service at the time when the eligible list is closed to general registration, shall retain such right unexercised for a longer period than two years, except by vote of the commissioners.

3. Laborers employed as boys, and receiving boys' pay, who have served as such two years, may, at the request of the head of the department in which they have served, be allowed to register at any time as laborers in the classified service.

4. Each applicant must produce a certificate, signed by two reputable citizens of his city, of his capacity for labor and his habits as to industry and sobriety: *provided, however*, that in the case of a person honorably discharged from the services of the city, a certificate by the officer under whom he served, of his capacity and good conduct, may be accepted, in the absence of evidence to the contrary, as sufficient. When the applicant desires to be registered for any other service than that of a common

laborer, he will be required to produce a certificate, from some competent person or persons, of his ability to do the special kind of work for which he alleges capacity, and for which he desires to be certified.

5. The registration clerk shall require each applicant to state, under oath, his name, residence, citizenship, age, and number of persons depending upon him for support; his services, if any, in the army or navy in time of war; his present employment and past occupation; and such other facts as the commissioners may deem necessary to show his capacity for labor and his habits as to industry and sobriety.

6. The clerk shall append to each statement a brief personal description of the applicant, and any notes that may serve to show his capacity for the service sought. Where the applicant appears to possess very superior physical qualifications, the fact will be noted. [12, 24, '96.]

7. Before entering the name of an applicant on the register, such further inquiry may be made in regard to his character and capacity as the commissioners may deem practicable or expedient.

8. When it shall appear from the evidence presented that an applicant is capable and of temperate and industrious habits, the clerk shall place his name on the register.

9. In case an applicant, who has made a sworn statement as hereinbefore provided, is found to be unfit or in any way disqualified to perform the service which he seeks, his name shall not be entered on the register, and the reason therefor shall be endorsed on the applicant's statement.

10. When the services of laborers are required in any department to which the rules apply, the head of the department, or other officer thereto duly authorized, shall make a requisition upon the commissioners for the number of laborers wanted, specifying the kind of service for which they are wanted.

11. Upon the receipt of such requisition, the clerk, under the direction of the commissioners, shall send to the officer making the requisition double the number of names called for, if the register contains so many, stating the following particulars in regard to each; namely, registration number, name, residence, age, number in family, service in army or navy in time of war, kind of labor for which he alleges capacity, and such other information as the commissioners may direct. [12, 24, '96.]

12. In filling requisitions for laborers and mechanics, preference will be given to veterans, and, other things being equal, to

those on the register who have had experience in city work, and those having families depending upon them for support. When the service calls for men possessing superior physical qualifications, the officer making the requisition will so state; and the selection will, so far as practicable, be made from those marked at the time of registration as possessing such qualifications.

13. Whenever the commissioners shall be unable to fill a requisition for laborers, and shall certify such fact to the officer making the requisition, and permit him to make the selection himself, the laborers so selected shall present themselves at the civil service labor office, in their city, for registration in the manner and under the condition prescribed for those seeking employment, as set forth in special regulations in relation to the employment of laborers: *provided*, that the commissioners may suspend this regulation in emergencies, when, in their opinion, the good of the service shall require such action.

14. Whenever an officer, who shall have made a requisition for a certain number of laborers, shall employ a smaller number, he shall not make the selection therefor from the whole list certified to him, but only from the number of names standing first upon said list double the number he shall actually employ.

15. When the head of the department or other officer has selected and employed such of the persons named on said list as he may require, he shall forthwith return to the commissioners' office a list of the persons so selected, stating the kind of work for which they have been employed. In case any of the persons certified fail to respond to the call of the head of the department or other officer, or decline the employment offered, or withdraw from the service without good cause, the registered numbers of such persons shall be returned to the commissioners with a statement of the facts; and the names of such persons shall be taken from the register, unless a satisfactory explanation of the failure or refusal to work is given.

16. When a laborer in any of the departments coming within the rules is discharged or dropped from the pay-rolls, a certificate of the fact shall be sent to the commissioners, on a form provided therefor, stating the name of the person, his registration number, the date of his employment, the kind of work on which he was employed, the date of his discharge, the cause and whether his conduct and work have been satisfactory.

17. If the person so discharged or dropped desires to have his name restored to the register, he can apply at the registration office; and, if it appears that his conduct and work have been

satisfactory, and that he is a man of good habits and able-bodied, it will be done.

18. When a person is discharged from the labor service for "loitering," "incompetence," "unsatisfactory work," or any equivalent cause, unless the charge is disproved, he shall not be eligible for registration again for a period of at least six months from the date of such discharge. At the end of that time he can apply for registration on the same basis as other citizens; and, in case he is registered, he shall not be eligible to certification to the department from which he was discharged except with the written consent of the head of that department. When a person is discharged from said service for "intoxication," and the charge is not disproved, he shall not be eligible for registration again for a period of at least a year from the date of such discharge; and his registration then will be subject to the conditions hereinbefore prescribed for men discharged for "incompetency," etc. In case a person is discharged a second time for any of the causes named, he shall not be eligible for registration again, except by special vote of the commissioners.

Applicants must be citizens of the United States who have resided in the Commonwealth for one year next preceding the date of their application, and, if they apply for appointment in the service of a city, they must have resided in such city for six months next preceding the date of their application.

In Schedule A there is no requirement as to age, height and weight, except that female applicants must be not less than eighteen years of age.

In Schedule B there are the following requirements as to age, height and weight: (a.) In class 1 (the prison service) there is no requirement as to age, height and weight, except that applicants for positions in the State Prison and Massachusetts Reformatory must be not less than five feet seven inches in height in bare feet and weigh not less than one hundred and thirty-five pounds without clothing. (b.) (c.) In class 3 applicants for appointment to the police force of any city other than Boston must be not less than twenty-two nor over forty years of age, and applicants for appointment to the district police force must be not less than twenty-two nor over fifty-five years of age at the time of filing the application: *provided, however*, that this limitation as to age shall not apply to persons who served in the army or navy of the United States in time of war, and have been honorably discharged therefrom. In all cases in this class, except the inspection force of the district police, applicants must be not less than five feet seven inches in height in bare feet and weigh not less than one hundred and thirty-five pounds without clothing. (d.) In class 4 applicants for appointment to the police force of Boston must be not less than twenty-five nor over thirty-three years of age at the time of filing the application, and must be not less than five feet eight inches in height in bare feet and weigh not less than one hundred and forty pounds without clothing. DIRECTIONS.

1. All the statements in this application shall be made under oath or affirmation, and in the applicant's own handwriting.

2. A false statement knowingly made in this paper, or connived at in any certificate which may accompany the same, is good cause for exclusion from the eligible list or discharge during or after probation.

3. Send application, after being filled out, if for service in the departments of the Commonwealth or the city of Boston, addressed to the Civil Service Commissioners, State House, Boston, Mass. If for local service in a department of any other city, send application to the Secretary of the Board of Examiners of the city in which the service is sought.

4. No recommendations or certificates other than those provided for at the end of this blank will be received.

5. Applicants will be notified of the time and place of examination. They must give notice of any change of post-office address, or unwillingness or inability to attend the examination.

6. A failure to fill properly the blanks, or to send satisfactory certificates, will cause the application paper to be returned for correction. Applications which show that the applicants lack the qualifications as to age, health, etc., required by the rules, will be rejected, and the applicants notified.

7. The general examination is for positions in the clerical service where the annual compensation is at the rate of eight hundred dollars and over. The limited examination is for positions in the clerical service where the annual compensation is at a rate less than eight hundred dollars.

SPECIAL INSTRUCTIONS TO EXAMINERS.

The gentlemen designated as members of a Board of Civil Service Examiners will meet as soon as practicable, and organize the Board, choosing a chairman and secretary.

On receiving notice of such organization, the commissioners will forward to the secretary of the Board the application blanks, copies of the rules and regulations, and such other books, documents and papers as may be needful.

The commissioners will also send notices for insertion in local newspapers (as a matter of news), informing all who may be interested that application papers can be obtained of the secretary of the Board.

Each person filing an application blank should be furnished also with a copy of the rules and regulations.

When an application paper is presented by an applicant in person, the secretary should examine it at the time, if he can do so conveniently, and, if it is properly filled out, he should note upon the back, in ink, the date and hour when received. If it is not properly filled out, the attention of the applicant should be called to the fact, and he should be directed to have the application paper corrected.

If an incomplete application paper is received by mail, it should be returned to the applicant, accompanied by a notice to correct the same.

At each meeting of the Board the applications which have been received since the previous meeting should be carefully examined by the members, or a majority of them, and, if found satisfactory, should be numbered serially in the order in which they are received. They should be entered in the record of applications, in the order of their numbers.

The Board will reject any application which shows that the applicant is not, by reason of age, lack of citizenship, proper period of residence, etc., entitled by the law, rules and regulations to an examination; and it must be returned to him with a brief statement of the reasons for such action. A blank form will be furnished for this purpose.

All application papers will be received, if in proper form. Should any be received for positions in the service of the Commonwealth, or another city, they must be forwarded to the commissioners.

When, in the opinion of a majority of the Board, the three certificates as to character are not considered sufficient, by reason of the signers thereof not being reputable persons, the application paper shall be returned to the applicant, who shall be requested to furnish additional certificates.

When the application is for examination for the police service, the secretary of the Board will furnish the applicant with a copy of the book of instructions for police applicants, *and make note of having done so on the application paper.*

When, in the opinion of the Board, it is thought desirable to hold an examination, the secretary will notify the Civil Service Commissioners, and suggest a convenient time for such examination.

On receipt of authority from the commissioners, the secretary of the Board will send notice of such examination to each applicant.

Attention is called to Rule XVII., which gives precedence in notification, under certain circumstances, to those who served in the army or navy in time of war.

Examination blanks will be sent or brought to the Board before an examination is to take place; but they are not to be opened until the Board meets in the examination room on the morning of the examination day, and great care must be taken that they be kept in a secure place until that time.

When all are seated, one of the Board will take from each applicant the notice he has received to attend the examination.

The package of examination papers will then be opened, and each applicant will be given a numbered envelope and a declaration paper; upon the latter are printed questions concerning his name, age, former occupation, service in the army or navy in time of war, etc. These are to be answered in writing, and the writer will sign his name at the bottom of the sheet. This is the only time during the examination when the applicant will be allowed to affix his signature to a paper. After completing the declaration paper, he will fold and enclose it in the numbered envelope which has been given him, and then seal the envelope.

The number on the envelope will be his examination number, and he must write it upon each succeeding paper in the blank space left for that purpose.

It will be well to inform the applicants that they are to be examined in certain subjects, and state the order in which the subjects will be given out.

The envelopes are not to be opened until after all the examination papers have been marked and graded.

In examinations where one of the exercises consists of writing from dictation and spelling, all the applicants will work at the same time. In the other exercises they may consult their own convenience as to rapidity.

As a rule there will be no general recess during the examination hours; but any applicant may be allowed, for sufficient reason, to leave the room at any time when he has finished one set of questions and delivered the paper to one of the Board. No succeeding questions shall be given him, however, until his return.

It is advisable that the full Board of Civil Service Examiners be present at each examination; but a majority of the Board may conduct an examination in case of the disability or necessary absence of the other members.

At all times when an examination is in progress, one of the Board must be present.

Order and decorum should be preserved in the examination room, and visitors can be admitted only by invitation of one of the Board. No visitors shall be allowed to inspect the questions or answers, or procure for publication anything relating to them or the work of any applicant.

To obtain the best possible results, applicants whose natural nervousness is increased during examination should be made to feel as much at ease as possible. To do this will require great discretion on the part of members of the Board; and nothing will defeat this object so quickly as the knowledge, on the part of applicants, that they are observed, or that their work is being scrutinized by those not officially in charge.

Applicants should be cautioned not to use any books of reference or memoranda for the purpose of assisting their memories. Any one detected in doing so may be dismissed from the examination room. The same penalty will be enforced if one applicant attempts to assist another, by conversation or otherwise, in answering the questions given him.

Members of the Board should give the applicants general explanations only, and these should be limited to methods of procedure.

After an examination, all the papers should be taken charge of by the secretary of the Board.

Members of local boards are cautioned against furnishing information to any person in relation to the examinations, except in the general way prescribed in the rules.

All unused examination papers are to be returned to the commissioners the day after the examination.

As soon as practicable after completing the marking and grading of the papers, the secretary of the Board will send a certificate to each person who was examined, if he passed the examination, stating the standing which he obtained, as shown by the marking, and whether or not he is entitled to be recorded on the eligible list.

In the general regulations adopted by the commissioners will be found information as to marking and grading, and the enrolment in the proper register of the names of those found eligible for appointment.

The chief examiner or one of the commissioners will be present at the examination whenever it is practicable to do so.

More specific rules for marking the examination papers will be issued hereafter.

Necessary expenses incurred by members of the Board for stationery, postage and actual travel, will be allowed by the commissioners.

Whenever it appears to the Board of Examiners that the position to be filled requires special qualifications, and that the regular course of examination for that branch of the service would not meet the case, they will notify the commissioners of the facts, and ask for instructions as to the special course to be pursued. When the advice or assistance of experts is necessary, the Board will so inform the commissioners, and suggest the names of suitable persons who would be willing to aid them.

HENRY SHERWIN,
Chief Examiner.

This conditional appointment does not preclude prompt discharge from service at any time during such probationary term, in case of misconduct or inefficiency.

A prompt reply is requested, stating whether this appointment is accepted, and giving the earliest date when you can present yourself for service.

Notice to Persons, other than Police Officers, appointed after Probationary Term.

* See note to second form.

INSTRUCTIONS TO APPLICANTS AND ELIGIBLES.

A person desiring to be examined for a position in the classified service should file an application on the prescribed blank, and a form for that purpose can be obtained at the office of the commissioners, room 152, State House, Boston, or of the secretary of the local board of examiners in the city where he lives.

Applications for the service of the Commonwealth and of the city of Boston should be filed in the commissioners' office, Boston; if for service in any city other than Boston they should be filed with the secretary of the board of civil service examiners in such city.

There are no regular times for holding examinations, and no definite information can be given as to when the next examination for any particular branch of the service will be held, but applications will be received at any time, and notice of the time and place of examination will be seasonably sent to each applicant. If unable to attend the first examination after applying, the applicant will, upon satisfactory explanation, be notified to attend the next examination.

Non-competitive examinations are not given when it is practicable to establish an eligible list by competition, and they are never held at the request of an applicant.

The commissioners cannot furnish information as to the course of preparation which applicants should follow (except as shown by the specimen examination papers printed in their report), nor can they answer inquiries in relation to cases which are not before them for decision, or decide, except in the cases of actual applicants, questions respecting the application of the rules. Particular answers cannot be given to inquiries which are answered herein, directly or by implication.

Notice will be sent by mail to each examined applicant of the result of his examination as soon after the examination as it is practicable to do so.

The names of persons who have passed the required examination will remain on the eligible list one year from the date of their certificate, unless dropped therefrom after certification three times, or removed from said list for cause; and they may be continued on the list for a second year upon *written request* to the commissioners.

Any person possessing the required qualifications may file a new application after the expiration of six months from his educational examination, *and not earlier*; provided that, if his name be upon the eligible list, it shall be withdrawn therefrom upon the filing of his application.

Applicants for clerical service whose names have been placed on the eligible list in Class 2 of Schedule A may also, *upon request in writing*, have their names placed on the eligible list for positions in Class 1 of Schedule A, with the same standing.

Applicants for clerical service in the departments of the Commonwealth whose names have been placed on the eligible list may, *upon request in writing*, have their papers marked by the local board of examiners of the city in which they reside, and their names placed on the eligible list for service in the departments of such city, and *vice versa*.

Persons whose names have been placed on the eligible list in Class 1 of Schedule B (prison service), and who have been certified for appointment, will be subjected to a physical examination if the appointing officer so requests.

The relative standing of any applicant as compared with that of others on the same eligible list may be changed by the addition of names of persons who have obtained higher standing at some more recent examination, and the time of the examination is not considered in making certifications.

Eligibles are certified in the order of their grade, and nothing can help and nothing can hinder their certification for appointment in the order of eligibility as prescribed by the civil service rules.

The commissioners are unable to answer inquiries as to vacancies in the service, salaries, prospects of certification, appointment or promotion. They know nothing of vacancies until requested to certify names for filling them, and it can only be generally said that the highest mark possible is 100, the lowest which gives eligibility is 65, and that the nearer the applicant's mark is to 100 the more likely it is that his name will be reached for certification. It is wholly uncertain, therefore, when an applicant's name may be reached for certification, and it is useless to speculate on what his chances may be.

Applicants will save the commissioners and themselves time and trouble by carefully reading the foregoing and preserving it for reference.

Very respectfully,

WARREN P. DUDLEY,

Secretary.
